The Hobbit

[Your blurb, in your own words. For example: a comfortable hobbit who wants nothing more than his armchair and a well-stocked pantry is swept off on an adventure by a wizard and thirteen dwarves, over mountains, through forests and under the earth, to a dragon's hoard and home again.]

[What makes this edition special: cutaway views of burrows, halls, cellars and mountain workings, a picture on every page turn, and a little snail hidden in every big illustration for young readers to find.]
